

Official Pre-Summit Event of the
AI Impact Summit 2026

DEEP TECH INNOVATION ALLEY

27 NOVEMBER 2025

JIO WORLD CONVENTION CENTRE
MUMBAI

AI UNCONFERENCE

Exclusive & Invite-Only

DTIA 10 is a gathering of CEOs, from industries like banking, manufacturing, healthcare, e-commerce, pharma etc.

Innovation Alley

Traditional conferences are about listening—DTIA 10 is about experiencing, interacting, and co-creating.

Unconference format

For its 10th edition, we are embracing the Unconference format—where CEOs will explore AI in action, not just theory.

Immersive & Actionable

This year, the event is crafted as an immersive experience centre, enabling CEOs to engage with emerging AI solutions and leave with a tailored AI roadmap for their company, equipping them to shape the next decade of business.
